Saint-Crépin - Briançon, Hautes-Alpes, France

Saturday, 2 September - Saturday 9 September 2023

After 11 years, we are once again returning to one of the most beautiful places in the Alps: Briançon in the Hautes-Alpes, France. This time we are 20 km south of Briançon at the Camping de l'île, at the foot of the picturesque village of Saint-Crépin.

The Briançonnais is not only known for art and history, but also for the countless sports that can be practised here, such as climbing, mountaineering, cycling, hiking, paddling, canyoning...

A climbing paradise for all difficulties and climbing techniques with rocks of all types (granite, limestone, gneiss, conglomerate) can be found in climbing gardens or in climbing areas.

For mountaineers, there are long climbs and high climbs in the high mountains such as La Meje, la Barre des Ecrins.
